MA 06/11

Dear Colleagues,

FIDIC 2011 Conference, Davos Switzerland.

As you will be aware, due to the difficult and uncertain times in North Africa, FIDIC was obliged to relocate the annual FIDIC conference from Hammamet in March 2011. I am pleased to advise that this difficult task has been successfully undertaken, with the original programme for Tunis now taking place in Davos, Switzerland, from 2-5 October 2011.

Registrations are now open through www.fidic.org.

A comprehensive programme has been developed, following on from FIDIC 2009 in London and FIDIC 2010 in Delhi. At FIDIC 2011 we will conclude the theme with a series of discussions, set within the beautiful Swiss Alps, exploring the essential ingredients of successful businesses in the Consulting Engineering sector – the people. Yes, the global challenges which require innovative solutions impose on us all the need to find and resource the best talent we possibly can.

Come to Davos and share with others how this all fits together!

With best regards,

A handwritten signature in black ink, appearing to read 'Enrico Vink'.

Enrico Vink
FIDIC Managing Director
