FIDIC Centenary Awards 1913-2013 - Call for Entries

Dear Ladies and Gentlemen,

I have the pleasure to invite you to prepare project submissions for the FIDIC Centenary Awards Ceremony. The awards are for completed projects by consulting engineers in the past 100 years.

The project submissions must demonstrate innovativeness, uniqueness, technical excellence, sustainable development considerations, and must be supported by the client/owner(s). Member firms will be recognised and given the opportunity to showcase their accomplishments and engineering excellence.

The awards will be presented at a special ceremony during the FIDIC Centenary Conference in Barcelona, Spain (15-18th September, 2013) to celebrate the most outstanding accomplishments of the consulting engineering industry.

Detailed description and guidelines about the awards categories, eligibility, submission materials, judging, and deadlines are enclosed.

With best regards,

Geoff French
FIDIC President
